## Gold and Diamond-Mounted Jewelry Half and Less Than Half Usual Prices Should Influence an - Army of Easter Gift Buyers.

HE buyer of Easter gifts whose fancy turns to Jewelry never had a better opportunity—perhaps never knew of an EQUAL opportunity—for gratifying that fancy so very inexpensively. Here are thousands of solid gold Rings, Brooches, Scarf Pins and Cuff Buttons-the sacrificed stock of a big manufacturer—at prices that hardly represent the intrinsic worth of the metal and the mountings. Certainly the designing and cost of manufacturing the Jewelry is not represented in any instance. In such a sacrificing of stocks you have a reflection of the recent financial flurry. Manufacturing Jewelers were among those hardest hit, as these sale prices indicate most forcibly:-

# Chickering Quarter Grand Pianos

WE have noted during the financial depression, that while the sale of most first-class pianos of comparatively high cost has been affected more or less, the demand for the CHICK-ERING Quarter Grand-the "Bride's Piano"-has continued to increase, both here and in most other large cities-notably in Boston, where they are made.

Doubtless this may be attributed to the fact that it is the smallest real grand piano made, occupying scarcely more room than an upright and possessing a tonal quality which some other manufacturers have claimed that it was impossible to obtain in an instrument of its size.

Another potent factor influencing its sale has been its extraordinary beauty. No piano has ever before shown such remarkably graceful lines, which, coupled with its diminutive size, have proved an attraction irresistible

even in these times of retrenchment. The Quarter Grand is only \$600, though-a remarkably low price for a grand piano by one of the most distinguished makers

When you have bought a CHICKERING you know what you have. And we will help you to buy it by giving such terms as will enable you to pay for it easily. Tell us what you want. Piano Store, Second floor, New Building.

#### Pall Mall-Fifth Avenue Lincoln-Bennett Hats for Men

INCOLN-BENNETT HATS lead the fashion in London. New York men wear them, and like them, in constantly increasing numbers. They are sold in this city only at the Wanamaker Hat Store, and the Spring-Easter-styles are in.

The Silk Hats-\$10-have much character, and a graceful style of their The Black Derbies-"bowlers"-are a new type of English hat. They are ight and comfortable; just right for Spring wear; and not a bit like the hard, heavy, stiff derbies formerly made in London. \$3.50 and \$5. A splendid

assortment of Tweed Caps, too, at \$2 and \$3. Main floor, New Building.

## News Worth Noting About Men's Hosiery and Underwear

YPRING stocks are full. There's exactly the kind of UNDERWEAR that every man is used to wearing, as to weight, style and price, provided it's good-from gauze cotton, balbriggan, lisle thread, merino, to linen mesh. The best American mills, and brands like Morley's complete.

The collection of HALF HOSE outdoes any similar showing we have previously made. Many men know that the secret of our distinctive designs in socks, their comfort and durability, and their excellent value, lies in the fact that we go abroad and show the manufacturers, right on the spot, what we want done. And the beautiful new styles in cotton, lisle thread and silk are enough to make every man begin forthwith to pick out his Easter hosiery. A few scattered hints will do for today

At 18c a pair—Imported cotton; fast black, tans, gray, navy and cadet blue. Worth 25c a pair.

At 35c a pair, three pairs for \$1—Black list thread, light or medium; also black, with embroidered fronts. Black mercerized liste or plain black cotton.

than the fine wearing apparel of your fellow man? It's due to the style and tailoring. We can give you a Suit or Overcoat made of fine imported materials, to measure, \$25.00-unexceptionable in every particular. Let us mail samples and our portfolio of fashions.
